Young & McCombs
L. B. BEST STORES.
ROCK ISLAND, ILL.

This store is never idle! While one surprise is engaging your attention, we're planning something else. Business either goes forward or backward. There's no such thing as standing still, and we provide against all contingencies by constantly forging ahead. Our campaign for lower prices has been a great step forward. Behind every fact there is a reason. The fact is we are serving an almost incredible number of people. Behind this fact there are many reasons. The values we offer, the service we render, the variety from which to choose, the reliability of our statements and merchandise, all conspire to make the "Big Store" "the store of today, tomorrow and every day."

SATURDAY JUNE 5 **THE LAST DAY--**

Saturday closes our store-wide discount sale in the campaign for lower prices. This is our first of a series of underselling events in the country-wide movement for lower price levels. This drive makes possible a saving of 20% to 50% on everything, and those who have not anticipated their future needs should take prompt advantage of this opportunity. Not for some time will such an offering be equalled in its extent or low pricedness. Your chance has come, buy for the present, buy for the summer and well into the fall months. Lower price levels will prevail on many lines by fall, but not lower than the prices here today.

It's all logical—you see—and to your benefit. And better than explanations, better than reasons, stronger than any argument, is the blunt, unalterable fact that you can, until Saturday evening, June 5, actually save 20% to 50% on anything you purchase at the Young & McCombs store.

Which is the most important?

Which is the most important—which means the most to you and to the future welfare of your children—the inside or the outside of your home?

Why will a man spend a thousand dollars for the "outside" structure of his home, for every fifty dollars for the furnishings of that home?

One lasts about as long as the other. Certainly the influence of good furniture, which means comfort, contentment, warmth, pleasant hours with family and friends—certainly it deserves expenditure in comparison.

Another thing—you have a year or more to pay for the furnishing of your home—if you wish credit. Your clothes, your dishes, your greaser won't wait a year.

Furniture and the proper furnishing of the home are receiving real consideration these days.

We are always glad to discuss, to show, to plan with you.
